PROFESSIONAL SUMMARY

Adaptive and results-driven professional with a cross-disciplinary background in **finance, technology, and leadership**. Currently pursuing an MBA in Finance at MIT-WPU after **3 years** of experience as a **SQL Developer** at DXC Technology, supporting global banking clients. Proven expertise in **SQL, data analysis, and process optimization**. Founder of Quirky Web Solutions, focused on developing web solutions while mentoring aspiring developers. Strong leadership demonstrated as President of the Finance Forum, **managing 100+ students** and organizing impactful campus-wide initiatives.

TECHNICAL SKILLS

- Database Query Optimization
- Data Validation
- Core **Java**
- Data Analysis using **SQL & RDBMS**
- Data Visualization using **Excel**
- Microsoft **Azure Data** Fundamentals

PROFESSIONAL EXPERIENCE

SQL Developer | DXC Technology

February 2022 - May 2024

- Worked on enterprise-level database systems supporting mission-critical infrastructure for UK-based banking clients. Gained progressive responsibility from intern to core production support, contributing to data validation, system uptime, and process optimization in high-availability banking environments.
- Key Responsibilities & Achievements:
- Developed and optimized complex SQL queries for data validation, quality checks, and performance tracking.
- Delivered real-time support and root cause analysis for production issues across high-volume transaction systems.
- Participated in weekly/month-end patching and transaction monitoring cycles to ensure operational continuity.
- Created client-specific SOPs and process documentation to streamline onboarding, audits, and troubleshooting.
- Collaborated closely with UK-based operations and technical teams to ensure system reliability and SLA adherence.
- Received the DXC Champs Award (2023) for excellence in quality delivery and mentoring junior team members.

LEADERSHIP & RESPONSIBILITIES

President, Finance Forum MIT-WPU

Present

- Managed a **team of 100+** students to promote financial literacy among campus.
- Responsibilities: Team building, event planning, **budgeting**, and maintaining industry connections.

Design & Media Head, Indradhanu Club MIT-WPU

Present

- Led a **team of 20+** students to enhance our digital presence through social media campaigns.
- Organized **CSR activities** and event promotions to increase engagement.
